
PM110R5

Mifare RFID Card Reader

Features :

- Compact Size, Contactless Reading Technology
- Passive contactless Card / Tags / Key fobs need no batter
- Epoxy Filled weather proof construction ensures optimum performance at all environment
- Easy to install
- Brand new design
- CPU watch-dog function to prevent malfunction
- WG 26 formats of data output available

Specification :

Operating Frequency	:	13.56MHz
Read Range	:	<10cm
Power-Voltage	:	12V DC
Humidity	:	20% - 80% RH, Non Condensing
Operating Temperature	:	-15°C ~ 55°C
Weather Proof	:	Yes
Dimensions	:	94(L0 x 43(W) x15(H) mm
Weight	:	100gms
Data Format	:	Weigand 26

Specifications are subject to change without prior notice with advancement in technology.
