D200 DESKTOP & WALL-MOUNTED Fingerprint Employee Time Clock

Bio-office Desktop series D200 is a basic time and attendance system from Anviz, designed for small and medium companies. D200 has the most slim design among similar products. D200 doesn't require any installation. Just put it on the table and that's it! With a special 2-in-1 design, you can also install it on wall. Whenever you need to get the employee in and out records, what you need to do is plug the USB cable to PC or laptop and download data into Bio-office simplified time & attendance software for reports. Even no need driver - just like a USB pen drive! With inbuilt rechargeable battery, D200 is ideal for portable or backup use or in the event there is no AC power available. Everything is simple.

Fast fingerprint scan
in less than 0.5 second

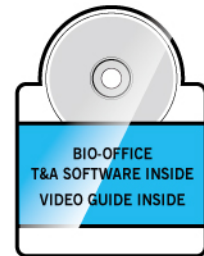

PARAMETER

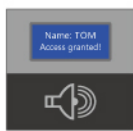

Sensor	AFOS300 Optical Sensor	FAR	0.00001%
Core Fingerprint Algorithm	BioNANO V10	Standard Port	USB
Scan Area	22mm*18mm	Working Current	0.2A-0.3A
Resolution	500DPI	Sleeping Current	0.2A
LCD	128*64 Blue LCD	ESD Tolerance	>15000V
Register Method	Fingerprint, Password	Power	DC 5V
Identification Method	FP, ID+FP, ID+PW	Backup Battery/Standby time	1100mAh/6 hours
Identification Time	<0.5 Sec	Temperature/Humidity	-10°C-60°C / 20%-80%
Fingerprint Capacity	2000	Material	ABS Plastic
Record Capacity	50000	Size	157(w)*119(h)*35(d)mm
FRR	0.001%	Color	Pearl White
Display Language	Chinese, English, Spanish, Portuguese, French, Italian, Slovenian, Hungarian, Bulgarian, German (Other languages can be customized)		
Software Language	Chinese, English, Spanish, Portuguese, Italian, German (Other languages can be customized)		

FEATURE

- Unique wall mounted & desktop design, world super slim
- Texas Instruments 32-bit high speed CPU of low power consumption
- USA BioNANO V10 core fingerprint algorithm of high speed and stability
- New generation fully sealed, waterproof and dustproof AFOS300 fingerprint sensor
- Realtime data transfer and WEB online tracking
- Clear voice prompts along with all operations
- USB Plug & Play connection. No driver needed
- Inbuilt high capacity 1100mAh Lithium battery backup. Ultra-long standby time up to 6 hours
- Employee authentication methods: ID + password, ID + fingerprint, fingerprint only
- Fast fingerprint scan in less than 0.5 second
