

BAFRP-A20

Access Control with RFID, Fingerprint & Password With LED Indication

Characteristic:

- Entire voice navigation
- With the function of sleep Long type
- Ultra-thin luxurious appearance
- Metal frame
- Many machines of the network
- Excel management by U disk
- With access control records
- Can be used to do reading head

Function Parameters

Fingerprint capacity	1,000
User capacity	1,000
Verification mode	Card, Password, Fingerprint
Access records	100,000
Recognition mode	1-N
Algorithm Version	Ebiofinger 6.1
Management mode	Upload and download by U disk management
Working voltage	DC12V
Recognition speed	≤1 second
Language	English & Chinese (optional multiple languages)
Phonetic function	Entire voice navigation
Doorbell function	Yes
Period Management	
Access function	Professional access control function
	WG output and input
	Duress alarm
	Teardown alarm function
Size	L 48* W25* H144mm
